

## PRODUCT SHEET

### Product Name

New55 PN • 4x5 Instant Film • Black & White • Positive - Negative

### Product Specifications

Film type: A new 4x5 Instant Positive - Negative Film. Panchromatic black & white on a 6-mil polyester base. An improved receiver sheet coating process results in excellent DMax and DMin and smooth grayscale in the print, and the same superb negative for scanning and enlarging.

Sheets: 5 packs. Each pack produces one 4x5 positive and one 4x5 negative

Film Speed: ASA 50

Development Time: 2 minutes

Format: 4x5 inch / 10,2 x 12,7cm

Works with: 4x5 camera with a Polaroid 545, 545i or 545 Pro Holder

Expiration: 18 months from date code if kept appropriately

RRP: 79,- EURO incl. tax
